Tuned In To You

We're the only TV company built to break down the barriers between you and the TV you love – and we're fighting for every TV-loving man, woman, and child out there.

Now Sit Back, Relax, and Enjoy the Show

Whenever you start a new service, you're going to have questions – so we've made it our priority to be here for you. This guide contains everything you need to know to start watching TV immediately, including how to find your favorite shows, skip commercials, and access popular apps. It also answers common questions like how to order pay-per-view, set parental controls, or read your bill – and that's just the start.

Over the next few weeks, we'll continue sending TV tips your way, so you can make the most of your entertainment. In the meantime, if you have any questions or concerns, contact our Customer Advocates – they're TV fanatics just like you, and they're here to help.

Guide

See What's On Right Now and What's Coming Up In the Next Nine Days

The Hopper's high-definition guide comes complete with full listings for all your channels.

Access the Guide

- Press **GUIDE** on your remote control.
- Use **CHANNEL UP** and **CHANNEL DOWN** to navigate, or enter a channel number to go directly to that channel.

Customize the Guide

When in the Guide, simply press **OPTIONS** on your remote to customize your Guide experience:

- **Create Favorite Channel Lists** – Every member of your family can create their list of favorite channels so only those channels appear when browsing in the Guide.
- **Only See Channels You Subscribe To** – Display all DISH channels or just the channels you subscribe to with the All Subscribe option.
- **Access Your Guide Settings** – With the Guide Settings option, you can make text larger, change the order networks are listed, hide adult channels, and more.

Conflict-free TV DVR

Whole-home Entertainment for the Whole Family

Full house? No problem. Power your whole home – and everyone in it – with your Hopper.

See how we've solved TV's biggest problems with a single DVR.

Watch and Record Shows at Once

Your Hopper 3 comes complete with a mind-boggling 16 tuners. If you have a Hopper w/Sling, that comes with 3 tuners. Each tuner can record or display live content from a separate channel – eliminating TV conflicts forever.

Enjoy HD TV From Any Room in the House

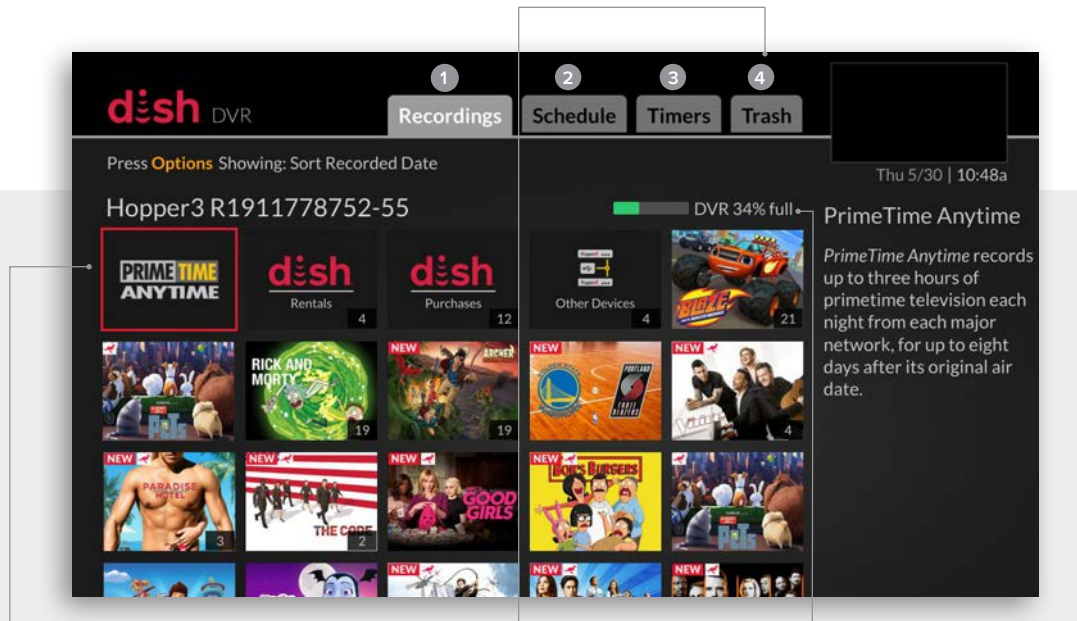

One Hopper 3 can support up to 6 TVs. A Hopper w/ Sling can support up to 5 TVs. Simply pair each TV in your house with a Joey® receiver to access the Hopper from that room.

Start in One Room, Finish in Another

Start a movie in the family room and finish it in the bedroom without missing a minute. You can also pick up where you left off on any mobile device with the DISH Anywhere app.

Store 500 HD Hours of Laughs, Touchdowns, and Explosions

Never worry about deleting anything again with the Hopper's 2 TB of storage. Just press **DVR** on your remote to view your recordings.

PrimeTime Anytime

All your PrimeTime Anytime recordings are found in this folder. Recordings can be grouped alphabetically or by recording date.

Move to Trash

Highlight the program you wish to delete and press **RECALL** on your remote.

DVR Storage Indicator

See how much DVR space you have left.

1 Recordings

View your entire library of recorded content.

2 Schedule

See which programs are scheduled to record each day.

3 Timers

See and manage your complete list of scheduled recordings.

4 Trash

Access programs in the trash, then press the **OPTIONS** button to restore or delete them.

QUICK TIP

To record:

- From Live TV, press **SELECT** then chose **RECORD**.
- From the Guide, highlight the program you wish to record, press **SELECT** then **RECORD THIS**.

2

PrimeTime Anytime® and AutoHop®

"I wish I could skip the commercials when I watch TV."

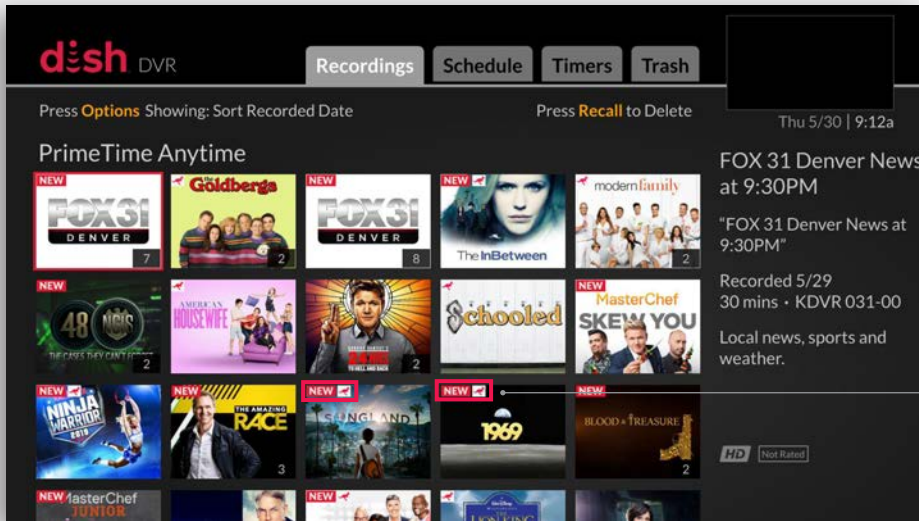

"Let's make that happen. With the AutoHop feature, you can instantly skip commercials and get to your favorite shows faster."

Commercial skip feature is available at varying times, starting the day after airing, for select primetime shows on ABC, CBS, FOX, and NBC recorded with PrimeTime Anytime.

Watch TV on Your Terms

PrimeTime Anytime gives you the power to record all the series specials, sporting events, movies — actually, whatever is airing on ABC, CBS, FOX, and NBC during primetime hours.

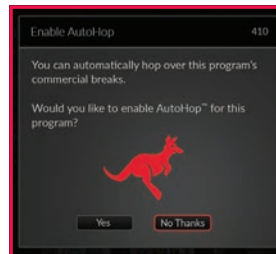

Turn on PrimeTime Anytime

Just press **HOME** twice on your remote, select **SETTINGS**, and then **PRIMETIME ANYTIME**. This menu will allow you to turn on the PrimeTime Anytime feature, customize the networks you wish to record, and determine which days to record, as well as specify how many days you wish to keep recordings.

Skip the Commercials with AutoHop

Instantly skip commercials on select PrimeTime Anytime recorded shows that display a red kangaroo before the title or on the show thumbnail.

Enable AutoHop by selecting **YES** when prompted.

2

DISH Anywhere®

"I wish I could watch TV outside of home."

"DISH gets you. We let you watch 100% of your live and recorded TV, plus thousands of On Demand movies, anywhere."

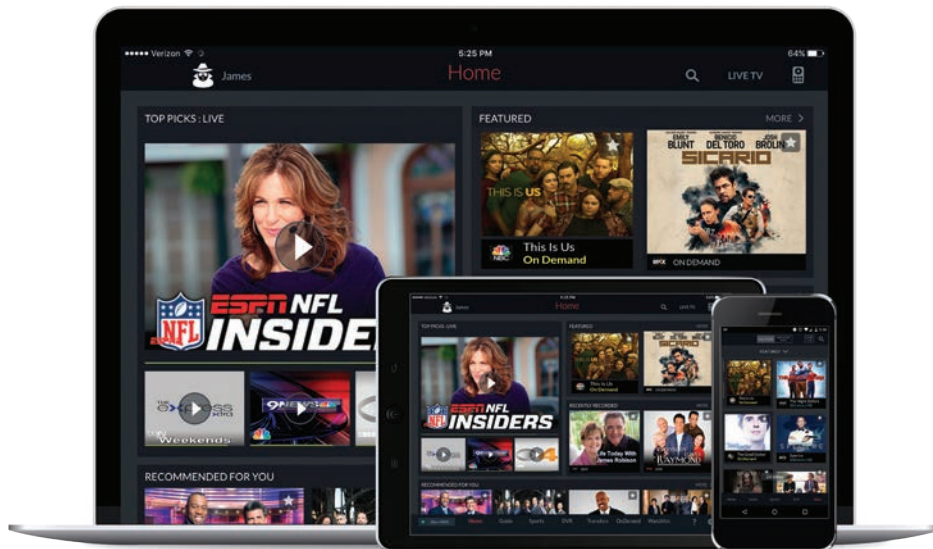

Entertainment That Follows You. From Screen to Screen and Place to Place.

Watch all your TV anywhere! DISH Anywhere is available for free on your smartphone, tablet, or laptop. And it's not just Live TV, either — you can access all of your recorded shows and On Demand, too. Plus transfer your DVR recordings to your phone or tablet and watch offline.

Watching recorded and some live TV requires an internet-connected, Sling-enabled DVR and compatible mobile device. Note that some channels are available to stream live over the Internet; select the Live Stream option in the guide to view those channels.

Get the lowdown on DISH Anywhere at youtube.com/user/dish

Watch Live TV

Live sporting events, weather, news, and more — all of your favorite channels from home. Select the Live Stream option in the guide to see channels you can stream over the internet instead of through your receiver.

Watch Recorded TV

Access recorded shows from your DVR anywhere.

Watch On Demand

Get the same great On Demand titles on the go.

Manage Your DVR

Record shows and schedule future recordings from your mobile device.

Watch Online

Visit dishanywhere.com to stream content to your computer, tablet, or mobile device. Just click “Create Online ID” or enter your DISH Online ID and password to log in.

Download the App

Get the DISH Anywhere app for iOS, Android, or Kindle Fire HDX*. To watch offline, simply transfer your DVR recordings to your device.

For more information on compatibility, troubleshooting, and transferring your recordings, go to mydish.com/dishanywhere.
